### Buys Clay City Property.

Frank Newel has bought the M. H. Courtney residence and all the land of the Kentucky Union Company below 7th ave. and to the railroad, and all the land of said company from the old mill race up the R. R. and river to the upper R. R. bridge, the company reserving 100 feet along the railroad and fifty feet along the river. The price paid is \$2,500 and is a real bargain, and would have been at double the money.

### Increased Attendance at School.

The attendance of the city school is much larger this fall than it has ever been before in September. This is encouraging to both the teachers and the school board, and shows the esteem in which our teachers are held by the patrons of the school. This is Prof. Campbell's third term as principal, and his popularity as a teacher continues to increase.

Don't forget to register next Tuesday. If you fail to register, you can't vote. It may be inconvenient but as the polls remain open until 9 o'clock, you can go after supper.

### Old Story Revived.

The finding of so much gold ore in Estill and Powell counties whether in paying quantities or not, revives the old story of Swift's silver and gold mines the relation of which naturally points to one or more of the fields now spoken of. According to tradition the story briefly runs about thus:

"In the very earliest days of Kentucky, and when there were no white settlers in Estill or Powell counties, but a small number in Fayette and a few lower counties, a fellow by the name of Swift and a comrade were up in this section somewhere and once when night befell them they sought refuge under some cliff out of the path of Indians. There they built up a fire against a large rock and cooked some of the wild game they had killed that day. It was in the cool season of the year, so they kept fire burning all night. The next morning before departing they observed that a great deal of both gold and silver had been melted and run out of the rock, and they picked a good sample of the melted metal and looking around found the precious ores in great abundance before they started on their return to the settlement at Lexington.

Swift being overly eager about the rich find and becoming a little "hoggish" killed his partner just before arriving at the settlement. Swift was stricken blind immediately though he managed to get to the settlement and there delivered his sample of precious metals which were found to be very rich.

Swift being blind could not return to his valuable find, but told them that to reach the mine you would come to the mouth of Lulbegrud creek and then it would take from early morning until about two o'clock that day to ride horseback to the mine."

This description of the distance will tally readily with the State rock find or the Station camp mine, but as to the real truthfulness of the story nothing is known, and it is possible that the whole story is a hoax, still it will help to confirm the belief of the value of at least one of the recent findings.

### Local Option Results.

When given an even opportunity local option seems to always win. Woodford county went dry by over 500 majority, Midway dry by more than 200 majority. Mt. Sterling remains wet in two wards but we learn it cost the liquor people of that city over \$3,000 to win. It comes high, but some people must have it, and of course they are willing to pay the bill.

### We Need a Fair of Our Own.

There was nothing from Powell county on exhibition at the Big Bluegrass fair last week at Lexington except John Mize's ginseng, which would have readily taken the premium had there been any offerings for such plant. We think Powell could have a fair of her own next year

that might interest many. All that's liking is a little push and grit.

### Fall Plowing.

In passing through the country we observe a great deal more fall plowing than formerly. In this way the full value of the green crop of weeds, grass or whatever may be on the ground is obtained as a fertilizer which is a great help to the crop next year. We also learn that more small grain will be sowed in the county than usual. This is a step in the direction of land improvement which is badly needed in all parts of the county.

## THE WORLD

LOOKS PLEASANT

to the young man or woman who has  
**A Savings Account**

because in case of sickness and other emergencies they have something to fall back on. Have you a savings account? If not don't put off opening one any longer. You can start an account with ONE DOLLAR and it may be the beginning of the building up of a large Fortune as this is the way most of our wealthiest men began the accumulation of their money.

We pay 3 per cent. interest compounded every six months on Savings Accounts. Call or write for booklet giving rules governing our Savings Accounts.

Clay City National Bank.

### Fall Announcement.

The old reliable nurserymen, H. F. Hillenmeyer and Sons, have their fall announcement in this issue. Everybody needs trees and there is no better place to get them than from the Bluegrass Nurseries. Their stock is always thrifty, and is better adapted to this section than stock from any other nursery. Less freight and they give you the the agents' profit. Send for prices and catalogue.

### Big Day With Jr's at Stanton.

The Red River Council Jr. O. U. A. M. will have a grand Flag Raising and Bible Presentation at the Graded school building in Stanton, Friday, October 5, 06. Elder J. D. Hunter, a distinguished speaker on Juniorism, together with other able orators, will be present and deliver addresses. Everybody is cordially invited to be present.

### Some Old Powell Boys.

We learn from the Salt Lick Times that G. W. Locknane, formerly a prominent Clay City merchant is in the grocery business at Salt Lick and there doing well. We also learn that Ras Kimbrell formerly of this city, is a prominent auctioneer and real estate agent. We are always glad to learn of Powell boys doing well, and like to hear from them occasionally.

At Mt. Sterling Will Eubank was fined \$500 for usurping power as Road Commissioner after being dismissed from such office by the Fiscal Court. Geo. P. Douglas, well known to many of our readers, succeeded Eubank in office.

The first quarterly meeting of the Conference year for this district will be held at Jackson's Chapel Saturday and Sunday. Presiding Elder E. G. B. Mann and the new pastor Bro. Wilson are expected to be present.

## SPOUT SPRING.

Wm. Barnett has gone to Bourbon county where he has secured employment at good wages.

Tommy Christopher and Shelt McKinney were among the Big Bluegrass Fair visitors at Lexington last week. They report a good fair, big show and plenty of people there to enjoy the sights.

The little five months - old daughter of Mr. and Mrs. Henry Tuttle, of Fox, died very suddenly at their home Friday night. Burial Sunday at Jackson's Chapel near here. The bereaved parents have the sympathy of a large circle of friends here. Mrs. Tuttle was formerly Mrs. Dollie Christopher of this place.

### Speaking of Our Bank.

Cashier Whitt, of the Clay City National Bank, has sent the Hustler a copy of the statement to the Comptroller of the Currency (condensed) of that bank at the close of business Septem-

ber 4th, 1906. The presentation shows a healthy and steady growth of business. The Deposits foot up \$117,649.39, while the net undivided profits run up to \$2,316.63, making a very creditable increase in business over the preceding report. There are able and conservative hands at the helm, Mike H. Courtney being the president, and Charles Scott, General Passenger and Freight Agent of the Lexington and Eastern Railroad, Vice-President. The Hustler is pleased to note the prosperity of this bank.—Jackson Hustler.

"WAINSCOT'S POP" is a healthy TONIC.

# The Dodging Period

of a woman's life is the name often given to "change of life." Your menses come at long intervals, and grow scantier until they stop. The change lasts three or four years, and causes much pain and suffering, which can, however, be cured, by taking

## WINE OF CARDUI

You can get it at all druggists in \$1.00 bottles.

"EVERYTHING BUT DEATH I suffered," writes Virginia Robson, of Easton, Md., "until I took Cardui, which cured me so quickly it surprised my doctor, who didn't know I was taking it."

## For Pain

Take a Dr. Miles' Anti-Pain Pill, and the Pain will disappear Like Magic.

Not by paralyzing the nerves and glands, like opium, morphine, cocaine, and other dangerous drugs, but by increasing the natural secretions.

This action is obtained as a result of modern discoveries in medicine, making it possible to relieve pain without had after-effects.

You can safely depend upon Dr. Miles' Anti-Pain Pills to relieve and cure such pains as Neuralgia, Headache, Stomachache, Menstrual Pains, Rheumatism, Backache, Toothache, etc.

They will also, by their calming action on the nerves, almost instantly relieve such distressing feelings as Dizziness, Car-Sickness, Indigestion, Irritability, Sleeplessness, Nervousness, etc.

Not merely do they relieve, but they also absolutely cure, because by persevering in their use, you do away with the cause.

Dr. Miles' Anti-Pain Pills are guaranteed that first package will benefit, or your money back. Never sold in bulk.

"I am thankful for the good Dr. Miles' Anti-Pain Pills have and are doing me. Ever since the war I have had spells of severe throbbing headache, caused by catarrh, until six years ago, I began taking Anti-Pain Pills, the only remedy that ever gave me relief. Since then I have not had one hard attack, because I take a Pill and it overcomes the difficulty."—GEO. SAUNDERS, Greensburg, Ind.
